HEAVY EARTHMOVING EQUIPMENT, BLASTING EQUIPMENT AND ROCK CRUSHER

16th June, 1988

Amendments of Part B Division 2 by-law 1 (2) (d) (xiii) of the Town Planning By-Law in respect of an application for consent to carry out extractive industry:-

- (1) See accompanying enlarged topographic location plan and enlarged aerial photograph on which the location of the proposed extraction is indicated.
- (2) See approximate outline of area to be extracted on plan and photograph.
- (3) See enlarged topographic plan showing approximate contours
- (4) The estimated depth and circumstances of the proposed excavation is up to approximately 50 metres at any one point with excavated basins up to approximately 150 metres in diameter.
- (5) The estimated depth of overburden present is approximately 1 to 5 metres. The excavation area is presently partly cleared and pastured and partly dense forest.
- (6) No buildings are proposed on the site other than a small site office removed from the quarry face and located adjacent to the proposed haul road through Portion 258 to Sheppersons Lane where it meets the common boundary between Portions 258 and 259. See Location Plan and photograph.
- (7) The proposed excavation is no closer than 100 metres from adjacent significant water courses or streams.
- (8) Pondered stormwater will be removed by the provision of settling ponds with effluent discharging into existing streams on the site, designed to Council's reasonable requirements.
